

Precariously Balanced

In the mistiness  
    of my quietness,  
From the depths  
    of my stillness,  
A feather drifts  
    slowly to earth.  
Holding my breath,  
I feel subtle joy  
    surrounding me.  
Calmer than ever,  
    I sit  
    Precariously balanced  
    Between something

&

nothing.
